

How many people  
are lucky enough to  
love what they do?

We know 4,500 who do.

There are over 4,500 motorcyclists  
helping people just like you  
enjoy riding motorcycles as  
much as they do.

Think of it. As a certified Motorcycle  
Safety Foundation RiderCoach you will  
help others learn basic riding skills,  
and at the same time you'll do  
something that gives you personal  
satisfaction and a paycheck.

Teaching someone to ride better  
not only helps the rider, it benefits  
other drivers on the road.
